

## Notice

### Duration of Price Control

*8<sup>th</sup> January 2020*

This notice provides clarification in relation to a discrete element of the price control order dated 20<sup>th</sup> December 2019 (the “**PCO**”). Under the PCO, I set a maximum price of 54 p/kWh for sales of electricity by Sark Electricity Limited from 1 January 2020 to 31 December 2021. I limited the effect of the PCO to these dates, taking into account the current billing and metering arrangements of Sark Electricity Limited and noting the requirements of section 15(6)(b) of the Control of Electricity Prices (Sark) Law, 2016 (the “**2016 Law**”) which provides that the duration of a price control order may not exceed two years.

To avoid any confusion, and noting that the PCO was served on 20<sup>th</sup> December 2019, I confirm that the PCO shall be valid until 19<sup>th</sup> December 2021 (rather than 31 December 2021), unless varied.

Anthony White
