

Office of the Sark Electricity Price Control Commissioner

Notice

Friday, 29th June, 2018

The consultation on the Proposed Price Control Order closed last Monday, the 25th of June. On that day, I received a detailed submission from Collas-Crill, lawyers acting on behalf of Sark Electricity Limited. This document raised a number of important issues to which I should give some consideration. I will, therefore, not be setting a Control Order on Sunday, 1st July, 2018, as I had hoped. In addition, I have received a response to the consultation from a resident to which I must give Sark Electricity Limited the chance to consider and, should they so choose, to respond. I apologise for the further delay to the process which, judging from messages I have received from residents, I know will cause some disappointment. I hope that I will come to a final decision on the Order within three weeks.

Anthony White
